

**Name:**

Marcos Macías Quijije

**Country:**

Ecuador

**About you...**

My profession is Quality Systems and Entrepreneurship Engineer and my job position is Management Systems Coordinator.

I like to practice sports such as crossfit, swimming and soccer, they are activities that I practice very often, as it keeps me healthy, in addition, it gives me a lot of energy with respect to the work activities I perform.

**Why did you join the BRCGS Professional Programme?**

What BRCGS represents in the food industries is important, as it gives prestige to the company I represent and for me as a professional, it has given me more knowledge in the management of safe products for human consumption.

**What value do you personally feel the BRCGS Professional certification brings to you?**

Recognition and prestige based on safe product management.

**How has the training helped improve operations at your site/company?**

Training plays a primary role in achieving objectives, given that it is the process through which workers acquire knowledge, tools, skills and attitudes to interact in the operational environment and fulfill the job of producing safe, legal, authentic and of good quality.

**What did you most enjoy about the training?**

The training techniques and methods and the interactive tasks offered by the standard's official courses.

**What are you most looking forward to within the professional community?**

Networking events, exposure to other like-minded professionals, and exclusive benefits like Microlearning.

**How do you plan to keep your skills up to date?**

Through active participation through trainings, webinars, attendance at conferences and events.

**What are your career ambitions/aims?**

I would like to lead my own team of technical professionals or open my own business.
