

# Professional Progress Programme

Design your own professional development

**Learning never stops and neither should your career development**

A fundamental part of any career, continuing professional development demonstrates your commitment to best practice and innovative trends, keeping you at the forefront of your industry.

Our Professional Progress Programme is designed for you to maintain your BRCGS Professional status whilst giving you the flexibility to tailor your own professional development based on your needs and goals.

**Exclusively available to those who have achieved the BRCGS Professional status, progressing through the Professional Points Programme will:**

- Extend your BRCGS Professional status for an additional 24-months
- Keep you up to date with industry and maintain global benchmark of skills
- Raise your status as a valuable employee

**To complete the Professional Progress Programme you will need to adhere to the following requirements;**

## **ELIGIBILITY**

Achieved BRCGS Professional status

## **PROFESSIONAL PROGRESS POINTS**

Complete 20 Professional Progress Points within a 24-month timeframe

## **YOUR STANDARD**

Keep up to date with the latest issue of your Standard

The Professional Progress Programme operates on a 24-month cycle, commencing as soon as you have achieved the BRCGS Professional status. If you've met the requirements at the end of the 24-months, your status will be extended and you will be issued a new certificate and digital open badge.

## Eligibility

You must have achieved BRCGS Professional status.

## Professional Progress Points

Design your own professional development by selecting activities from the points matrix below. The points are not restricted to BRCGS activities; if they're relevant to your career they can be counted as Professional Progress Points (PPP).
