

BRCGS Academy Approved Training Partners

The BRCGS Academy works with a **global network of Approved Training Partners (ATPs)**. Our ATPs are BRCGS-recognised trainers who train auditors, sites, consultants and retailers to correctly implement our Global Standards requirements and protocol. All our trainers are professionals in their fields and are subject to a rigorous approval process and ongoing compliance programme.

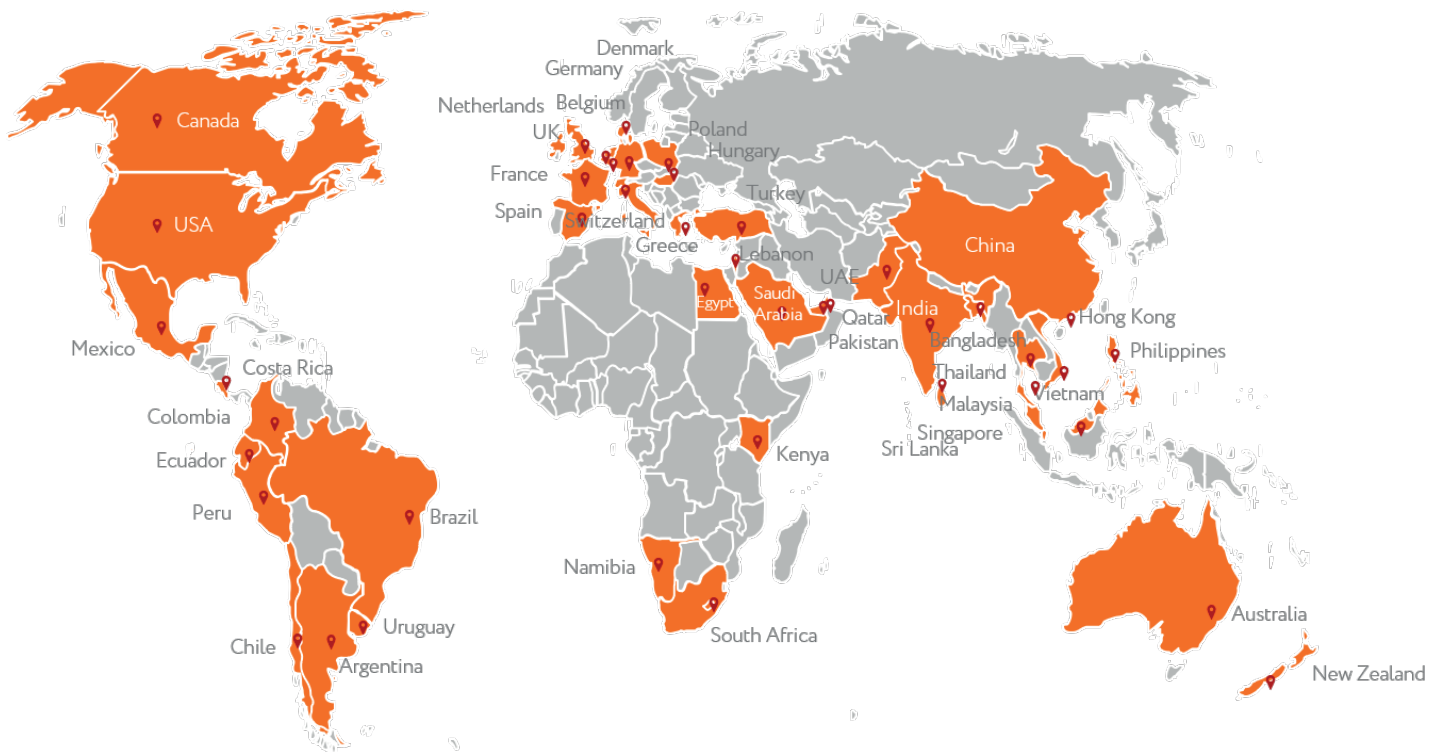

Through this network, we can provide **high quality training around the world**, including Global Standards courses and product safety management courses, such as HACCP and risk management. We work with a network of over **300 ATPs in 51 countries**.

Why choose a BRCGS Approved Training Partner?

- Courses run by BRCGS ATPs use our developed course content which has been written in collaboration with our experts in the BRCGS Technical Team and developers of our Global Standards.
- Your trainer will be highly qualified with many years of experience in your particular sector. All BRCGS ATPs must align with our training philosophy and our rigorous candidate selection process ensures **BRCGS only recruit skilled and knowledgeable trainers**.
- All ATPs are kept up to date with the latest developments and new standards revisions so you will be learning the most relevant content.
- 92% of delegates rate our ATP trainers as **highly effective** so you can be reassured of a quality learning experience.

How to select your trainer

BRCGS ATP credentials represent the expertise and integrity of our training partners. We only work with the best and want to ensure the same high-quality experience for our customers.

Choosing to work with a BRCGS ATP will always give your company a validated and reliable option, rather than sourcing unspecified BRCGS training from unapproved trainers.

To find a BRCGS recognised training provider:

- Check our list of all Approved Training Partners
- Check our list of all Approved Virtual Trainers

If you would like to verify the status of a specific training provider, look for the logo and check whether they appear on the above lists. Any training providers that do not appear on these lists are not recognised by the BRCGS Academy. If you are still unsure about whether your selected training provider is recognised by BRCGS, please write to us at training@brcgs.com for assistance.
