

**Name:**

Shaikh Naveed

**Country:**

Dubai - United Arab Emirates

**Company:**

Indoguna Productions FZCO

**Job Title:**

Quality Assurance Manager

**What is your current role?**

I am currently working as a Quality Assurance Manager with Indoguna Productions FZCO which is a HALAL food product manufacturing plant with the highest standard in food safety and quality. I am leading the Quality Assurance Department from Planning to Execution, including Budgeting & Team Management and I have implemented and maintained the Quality and Food Safety Management Systems, which is aligned to support Sales in the achievement of the Company Quality and business objectives.

**Why did you join the BRCGS Professional Programme?**

Knowledge is power, and how you apply that knowledge gives you wisdom and understanding. I believe in continuous improvement and I always want to keep my self-updated with the latest developments in my field. I have been working with BRCGS certified sites for more than five years and I have successfully implemented BRCGS standards in my current and past organizations. It was one of my goals to achieve international recognition as a BRCGS professional.

**What value do you personally feel the BRCGS Professional certification brings to you?**

It has provided me international recognition as a BRCGS professional and I can showcase my skills on a global platform.

**How has/will the recognition programme impacted your work?**

My current organization is certified against the BRCGS Food Safety Standard with an AA grade. It has boosted my confidence to excel in my current role by providing a better understanding of the standard.

**How did you get to your current role?**

I am a Graduate in the Field of Food Science and Technology from Reputed University and I have more than 11 years experience of working with food and beverage industries with specialization in meat processing, Seasoning, and beverage industries.

**What is your educational background?**

I am professional food technologist and hold a bachelor degree in food science and Technology from one of the reputed agricultural universities. I am also a lead auditor for HALAL. Apart from these I am also certified for various Environment, Health, and Safety standards.

**What are your career ambitions/aims?**

My career ambition is to become a high level and talented leader who has the skills, experience, and training to excel in the field of Quality and food safety.
