

The BRCGS All Inclusive Service Package

All BRCGS certificated sites have free access to the All Inclusive Service Package. This provides certificated sites with exclusive access to a wealth of tools designed to help businesses improve and achieve greater success. As the only GFSI scheme to provide this service package, it ensures sites can get the best value from BRCGS, in addition to the management system certification process.

Through this service package, we work with certificated sites to establish new benchmarks, reach new standards and put in place an enduring framework that will serve them for years to come. As brands and major specifiers seek to build greater resilience into their supply chains, this enables certificated sites demonstrate to customers that they are a best-in-class supplier.

The BRCGS Directory

The BRCGS Directory is the official database of all BRCGS audits. It is a global 'shop window' when it comes to brands and specifiers looking for competent and trusted suppliers. This Directory listing not only maximises a certificated sites online exposure, but it also allows them to share audit documents with customers, retailers, manufacturers, suppliers, brand owners and other specifiers.

B2B Licence to use the BRCGS Brand

Certificated sites are provided with a B2B licence to use the BRCGS brand to demonstrate their credentials and to support marketing efforts. This is their 'license to trade' as BRCGS is widely recognized and accepted by 70% of the top 10 global brands.

BRCGS Participate

BRCGS Participate is an online platform that provides sites with free access to a wealth of technical information and guidance including all BRCGS Global Standards and supporting publications, webinars, white papers and more. A convenient and flexible way to access BRCGS content, BRCGS Participate ensures sites can get the full value from their certification. It is a valuable resource to ensure compliance is maintained between audits and to support continuous improvement.

BRCGS Technical Support

BRCGS provides support to certificated sites all year round, not just at annual audit. The BRCGS Technical Helpline provides quick and easy access to BRCGS experts.

BRCGS Professional

All individuals working within a certificated site can enrol in BRCGS Professional. This professional development programme provides holistic learning and development

covering the core skills and behaviours required to implement and maintain BRCGS Standards. The programme produces qualified, engaged, and empowered leaders that can drive your organisation forward. It is one of the largest Product Safety Management communities with a growing global network of over 10,000 industry professionals.

BRCGS Insight Benchmarking

Through BRCGS Participate, certificated sites can access performance benchmarking information, known as Insight Reports. This can be used to compare performance against similar businesses to identify areas of improvement, achieve KPIs, and for promotion to new and existing customers.

Ethical Performance Risk Assessment

The rise of consumer consciousness and the transparency enabled by digital technology has transformed the landscape for brand and consumer requirements. Certificated sites have free access to the Ethical Trade and Responsible Sourcing Guidance and Risk Assessment module to undertake a "health check". This will identify where there may be operational ethical trade and responsible sourcing risks, providing opportunities for improvement and additional customer reassurance.

Food Safety Culture Excellence Basic

Culture requirements are included in all BRCGS Global Standards, as well as Codex requirements and a growing number of Regulators. Certificated sites can use this tool to start measuring and improving cultural performance, as well as demonstrating regulatory compliance.
