

**Name:**

Delfina Anna Dziedzic-Gnutek

**Country:**

Poland

**Company:**

Zakłady Chemiczne Nitro-Chem

**Job Title:**

Quality Systems Specialist

**What is your current role?**

I work as a Quality Systems Specialist. In my daily work, I deal with all tasks related to BRCGS Packaging Materials and ISO 9001 standards. I also carry out internal audits.

**Why did you join the BRCGS Professional Programme?**

I joined the BRCGS Professional programme because it gives great opportunities for acquiring knowledge and expanding my horizons, as well as a confirmation of competence.

**What value do you personally feel the BRCGS Professional certification brings to you?**

I believe that the BRCGS Professional certificate confirms that we believe in higher standards in food production and its packaging branch. It brings value for better and safer products for every person in the world.

**How has/will the recognition programme impacted your work?**

I will be able to use the knowledge I have gained in my daily work, and above all, use it to improve our management system and compliance with the BRCGS Packaging Materials standard.

**What is your educational background?**

I graduated after studying engineering at the University of Science and Technology in Bydgoszcz in the field of Food Technology and Human Nutrition. Then I graduated from the Maritime University in Gdynia with a master's degree major in Commodity Science and Quality Management.

**What are your career ambitions/aims?**

I would like to further develop my knowledge in the field of quality management systems, and above all the BRCGS Packaging Materials standard. Becoming an auditor is one of my goals. I would also like to expand my knowledge in packaging, the associated technology and new development opportunities.
