

Name:

Aycan A T

Country:

Turkey

## About you...

I worked in the food sector in the production quality technical directorship and training departments. I started in the industry as a consultant. I have served as the chief auditor in halal standards. I have successfully completed my chief Auditor training. As a trainer I organized technical trainings in chief inspections and different fields. I am currently working as the system certification manager at I P certification and supervision company. I aim to provide the best quality service to our companies that want to work in the field of to serve as a happy customer with accurate and safe service. Also I love my job and I am constantly trying to improve it. In particular implementing and improving quality systems is among my goals and this positively affects my performance.

## How has the training helped improve operations at your site/company?

By combining my experience with my profession and adopting this awareness I aim to provide a professional service in the fields of supervision and education. In this direction I want to improve the quality of the service we offer.

## What are your career ambitions/aims?

My current career goals are to continue working with commitment to leadership and management to share the experience I have gained in this regard and at the same time to continue working in this field as one of the professionals to continue my work on the globally approved standards in order to develop the sector by increasing I and other I applications.
