

Name:

Hatice Tuncer

Country:

Turkey

About you.....

I am Hatice Tuncer and I live in Turkey. I am a food engineer. I work as an accredited SME Consultant, consultancy service on various issues, auditor and project writer. I am lead auditor of ISO 9001, ISO 14001, 45001, 22000 and advise on various ISO standards. I am a BRCGS Professional and lead auditor in BRCGS Food and BRCGS Packaging.

Why did you join the BRCGS Professional Programme?

I joined to improve brand protection for my company, better knowledge of Product Safety Management and international recognition.

When you examine the whole of the standard, there is integrity among the items. Since the reliability of the BRCGS documents are increasing day by day, I started to complete my work on this subject in a short time after the request of BRCGS consultancy and auditor from the market

What value do you personally feel the BRCGS Professional certification brings to you?

I think it adds BRCGS Professional seriousness and reliability. I see reminder trainings for BRCGS Professionals as information and it is a very well thought out program.

How has the training helped improve operations at your site/company?

It has improved product safety, better inspection rating, greater reliability to external customers.

What did you most enjoy about the training?

I am also an instructor in presentation management, I like to use time effectively, I will also techniques learned in my own training programs. Interactive tasks, on the other hand, make the subject clearly understandable more effective.

What are you most looking forward to within the professional community?

I'm looking forward to establishing a lot of systems, meeting serious and willing colleagues, effective and efficient inspections and ensuring the continuity of micro-learning issues.

How do you plan to keep your skills up to date?

Education shines a light on every subject, so continuous education is necessary for everyone. I also intend to continue with activities such as learning and teaching while mentoring.

What are your career ambitions/aims?

Success is a pleasant journey for me, and I aim to take firm steps in this regard.
