

Name:

Mohamed Samir Elsayed

Country:

Perú & Egypt

About you.....

My role is Quality Assurance and Food Safety Manager with total experience more than 15 years in the field of Agriculture, Food and Packaging industry. I am an Egyptian Peruvian who lives and works in Perú. I am looking for continual learning opportunities and to improve my knowledge. I am also a freelance consultant and lead auditor. My interests are travelling, reading, movies and sports.

Why did you join the BRCGS Professional Programme?

I joined to gain better knowledge of Product Safety Management and also gain international recognition.

What value do you personally feel the BRCGS Professional certification brings to you?

Food safety is of critical importance while working across food manufacturing and the entire supply chain. The BRCGS Professional courses have given me a wide technical vision for looking at product safety with a deeper understanding. Also I feel the BRCGS Professional Certification will guide me through a significant career path.

How has the training helped improve operations at your site/company?

Building a food safety culture is a challenge that every industry is considering. Now as a BRCGS Professional, I have the necessary competence to contribute to the establishment and the maintenance of a solid culture within my sites.

What did you most enjoy about the training?

I enjoyed the case studies the most during the courses. Every stage of the training was enjoyable and fluent, and it was a very good knowledge change between the team.

What are you most looking forward to within the professional community?

I am looking forward to networking events with other professionals to gain new knowledge and experience.

How do you plan to keep your skills up to date?

I'm going to continue improving myself by participating in BRCGS courses, seminars, webinars, conferences and events. Also implementing the knowledge I have gained more effectively.

What are your career ambitions/aims?

I would like to develop and improve food safety by collaborating with other professionals, to further develop my knowledge in the Food & Packaging quality and safety system and to become a third party lead auditor.
